BASE BALL,

FRIDAY.

Paris was successful against the Colts in the game at Lexington Friday which resulted in a score of 4 to 2 in favor of the Bourbons. The locals put up a splendid fielding game behind Hauser and were able to connect with Turner's slants at the time when they counted most. At times the fielding of the locals was nothing short of sensational both Harrell and Mollenkamp figuring prominently in this regard. Harrell was the star of the day getting on base every time up, the first three times on hits, stole two bases and scored the first two runs for Paris.

SATURDAY.

Mt. Sterling defeated Paris Saturday afternoon by a score of 5 to 2. Applegate, who was on the rubber for Paris was extremely wild and while he allowed only six hits they came when most needed, and this coupled with a few errors gave the Orphans the game.

SUNDAY.

Paris lost a seesaw game to the Colts at Lexington Sunday afternoon and thereby relinquished all claim on anything other than fifth position. The final score was 8 to 6. After taking a good lead the contest was thrown away in the seventh inning when the Colts were allowed to score four runs. Hauser was on the mound for Paris and with the proper support should have come out the victor, but errors at critical stages coupled with timely hitting resulted in his defeat.

At Cost.

Ladies' and childrens Oxfords at cost. 12 1/2ly-tf. **FELD'S SHOE STORE.**

Peddlers Coming.

Two headline fun peddlers, singers, dancers and entertainers, the best in the lines, are coming to the Grand next Wednesday. Charley Gano and "Nicodemus" (Nick Glynn), the premier comedians of Coburn's Greater Minstrels. Everyone remembers happy, laughing, jovial Charley Gano, last season on his first trip South with Manager Coburn. There never was a comedian like him. He was a tremendous hit. He is returning with new songs, new jokes, new comedy, and opposite him is "Nicodemus" Glynn, quaint, droll, uproariously funny (last season with Al. G. Field). Back of them is an entirely new show, new people, new music, everything new. And back of them all is Manager "J. E." Coburn, courteous, progressive, and giving the people their money's worth. You all know him and his company. It's a clean, first-class, musical, laughable, fun show. Don't forget the date, Wednesday night, Sept. 4.

Fox Hunters Return.

Messrs. Ed. Slattery, Clay Gaitskill, Tom Buckner, Willis Goodman, Cal Hailey, Henry Gaitskill, J. H. Farvis, A. Backman and David Johnson returned Friday from a ten days' fox hunt in Powell county. The party reports that out of ten runs nine of them were successful.

Storm Does Damage.

During the heavy electric storm which swept over this section Wednesday night lightning struck a tree in the yard of the residence on the farm of Mr. H. O. James on the Redmon pike near this city. The bolt was conducted to the house by a telephone wire where it came in contact with a lightning rod tearing it from the roof. No damage was done to the house. A number of large trees were blown down in the yard of Mr. Joe Redmon in the same neighborhood.

Progressives Meet in Lexington.

The Progressives of the Seventh Congressional District met in Lexington Saturday with eleven of the twelve counties represented by the county chairmen of the committees of those counties. Prentice O'Rear, of Frankfort, was elected as Chairman of the District Committee and was also chosen to represent the district on the Progressive State Central and Executive Committees. Dr. A. O. Hoskins, of Beattyville, was elected Secretary of the District Committee. One protest marked the proceedings of the District Committee's meeting. Charging that James D. McClintock had been irregularly elected chairman of the Bourbon County Committee, Wyatt Thomson filed a petition with the committee against the recognition of Mr. McClintock in behalf of himself and other Bourbon county Progressives. On this matter the committee went into executive session and, after a lengthy discussion, it was referred for settlement to a committee composed of District Chairman O'Rear, County Chairman Arnett, of Woodford county, and County Chairman Offutt, of Scott county.

Bible School Commission Report

Below is the report of the committee on future work adopted by the County Bible School Convention of the church of Christ held at Clintonville August 3: 1. We urge the schools of Bourbon county to make every effort to be well represented in the International Convention of the Churches of Christ, in Louisville next October, both that our schools may profit in the largest measure from the enthusiasm and inspiration of this great gathering of the lovers of our Lord, and that we may do our part in welcoming our brethren of the whole world on Kentucky soil. 2. We recommend and urge that all Sunday Schools attend our County Sunday School Conventions. We who attend can testify to the help and inspiration we gather at these meetings. 3. We would also recommend that more emphasis be placed upon the observance of the Front Rank Standard in securing Front Rank certificate, especially the items referring to the Worker's Conference and Teacher Training. 4. We recommend that the schools undertake the raising of our offering to the Herbert Morrison Memorial Fund to \$100 as a fitting testimonial to the work of this leader of the Sunday School forces. **R. H. ELLETT, Chairman, MRS. ROBT. GOGGIN, W. E. ELLIS, Members of Committee.**

To Seal Envelopes.

Persons using bond paper envelopes in their correspondence, are often annoyed when these envelopes fail to seal properly. This is not due to a poor quality of gum on the envelope, but to the non-absorbent properties of the high-grade paper, and may be overcome by thoroughly moistening the flap on the outside before moistening the gum. This will insure perfect sealing and is worth trying.

Putting the Garters On.

Mrs. Brown was preserving peaches in the kitchen amid an array of glass jars, covers, rubber bands, etc. Margaret, aged four, watched the process quietly until the fruit was in the jars and the covers ready, then she exclaimed, "Oh, mother, please let me put the garters on!"

STOCK, CROP AND FARM NOTES.

Nicholas county growers are harvesting the heaviest peach crop in years.

Thomas Ballew, of Boone county Mo., recently bought from James Glenn and Mode Glenn, of near Millersburg, two mule colts at \$100 each.

Almost incessant rains have greatly interfered with the cutting of tobacco in Woodford county. The condition of the crop is greatly improved and is considerably in advance of various years.

Henry Caywood, of North Middletown, sold two high-class, three-gaited five year old horses to Walter Clark, of Warm Springs, Va. The price is private, but understood to be a good one. One of the horses is by Bourbon Chief, the other is a grandson of Chester Dare.

Export cattle are being shipped from Bath county, which are weighing heavily and bringing from 7 to 8 cents, the highest price in that county, and averaging \$150 per head. During the past two weeks it is estimated that export cattle put into the banks at Sharpsburg the sum of \$262,500. A lot of money will be invested in cattle.

The following are among the mule sales made at Winchester court: John Daniels to W. A. Thomason, 3 mules at \$475, Fletcher Mann, of Lexington, sold to W. A. Thomason, of North Middletown, two mules for \$400, one mule for \$210 and one mule for \$225. H. S. Caywood, of North Middletown, bought four mules at prices ranging from \$150 to \$175, and several horses at prices ranging from \$135 to \$150.

A most hopeful sign, indicative of results largely attributed to the persistent efforts heretofore made by the United States Department of Agriculture in the line of seed testing, is manifest from an inspection of the catalogues of more than fifty of the principal dealers of the country.

All the firms referred to make definite statements that they test their seeds for germination. Nine firms advise purchasers to send samples either to the seed testing laboratory of the U. S. Department of Agriculture or to a State experiment station to be tested. Seven firms state that they offer and that the seeds are thereby officially guaranteed to be of the high grade represented. Six firms allow a stated time for making a test, advise purchasers to make such test on receipt of seeds, and request the return of seeds which do not satisfactorily meet the test.

Five firms state that the seeds they are selling comply with State laws, and a number of firms give the percentage of purity and germination in compliance with State laws.

These statements indicate that competition between seed dealers is becoming more and more a competition based on quality—a healthful tendency from the standpoint of both customers and honest dealers.

In August 1911 the receipts on stamps, etc., aggregated \$1,180.68, and on the second item \$44.39, a total of \$1,225.07.
